Diaper Bag Check List

What's In Your Diaper Bag? The folks at Family Travel Gear are happy to provide you with an essentials check list for diaper bag packing included in the following items, many of which are available for sale at FamilyTravelGear.com. This list is compiled by other families who have lots of experience traveling with babies, and have shared what some of the most helpful items are to take with you. We realize that there are other great products out there that would also help assist parents traveling with youngsters so be sure to submit your comments and product ideas to us at info@familytravelgear.com. We can then add the items to our check list and share the information with other parents at FamilyTravelGear.com. Just another way we work together helping parents out to make traveling with kids a whole lot easier.
